Title:	NHS T	rust oversight self certification			
	Author/Responsible Director: Stephen Ward, Director of Corporate & Legal Affairs Helen Stokes, Senior Trust Administrator				
Purpose of the Report:					
At the beginning of April 2013, the NHS Trust Development Authority (NTDA) published a single set of systems, policies and processes governing all aspects of its interactions with NHS trusts in the form of ' <i>Delivering High Quality Care for Patients: The Accountability Framework for NHS Trust Boards</i> '.					
In accordance with the Accountability Framework, the Trust is required to complete two self certifications in relation to the Foundation Trust application process. Copies of the self certifications submitted in August 2014 (July 2014 position) are attached as Appendices A and B. In a change to the previous approach (and as agreed with the Chief Executive), the month 4 quality and performance exception reports (where they applied to NTDA indicators) were used as the basis for the self-certifications.					

The Report is provided to the Board for:

Summary / Key Points:

Subject to discussion at the September 2014 Trust Board meeting on matters relating to operational and financial performance, and review of the month 5 quality and performance exception reports, it is proposed that the self certifications against Monitor Licensing Requirements (Appendix A) and Trust Board Statements (Appendix B) be updated following the Trust Board meeting to reflect the August 2014 position and submitted to the NHS Trust **Development Authority accordingly**

Recommendations:

The Trust Board is asked to provide the Director of Corporate and Legal Affairs with the delegated authority to agree a form of words with the Chief Executive in respect of this month's submission, with the self certifications then to be updated following the Trust Board meeting and submitted to the NHS Trust Development Authority accordingly.

BOARD STATEMENTS:

CLINICAL QUALITY FINANCE GOVERNANCE

The NHS TDA's role is to ensure, on behalf of the Secretary of State, that aspirant FTs are ready to proceed for assessment by Monitor. As such, the processes outlined here replace those previously undertaken by both SHAs and the Department of Health.

In line with the recommendations of the Mid Staffordshire Public Inquiry, the achievement of FT status will only be possible for NHS Trusts that are delivering the key fundamentals of clinical quality, good patient experience, and national and local standards and targets, within the available financial envelope.
